

A large, stylized number '2016' is the central focus, rendered in a vibrant, multi-colored, low-poly geometric style. The colors transition from teal and blue at the top to orange and yellow in the middle, and finally to purple and dark blue at the bottom. The background is a complex, colorful mosaic of overlapping triangles and polygons in various shades of red, orange, yellow, green, and purple, creating a dynamic and abstract pattern.

VISION

Center of Academic Excellence
Delivering Quality Service to all.

MISSION

Capiz State University is committed to provide advanced knowledge and innovation; develop skills, talents and values; undertake relevant research, development and extension services; promote entrepreneurship and environmental consciousness; and enhance industry collaboration and linkages with partner agencies.

GOALS

- Globally-competitive graduates;
- Institutionalized research culture;
- Responsive and sustainable extension services;
- Maximized profit of viable agro-industrial business ventures and diversified income-generating projects;
- Effective and efficient administration.

GUIDING PRINCIPLES

As provided in the University Code, the operation of the University is guided by the following principles:

- Academic Freedom.** The University has the right and the responsibility to exercise academic freedom. Institutional academic freedom is the freedom of the university from intervention and control in the conduct of its affairs. Individual academic freedom is the right of the teacher and the student to conduct academic and scholarship inquiry and to publish the results without prior restraint or subsequent punishment.
- Responsibility.** As a public institution supported by public funds, the University is responsible for carrying out the basic principles laid down by the Constitution of the Philippines and the University Charter and to relate its activities and offerings to the needs of the region and the nation. Training for responsible leadership and citizenship shall be provided to those who abide by the norms of the institution to achieve their maximum potential in a society that respects human dignity to attain the common goal.
- Academic Standards.** The University shall achieve and maintain high academic standards of instruction, research, extension, and production; and all other administrative and auxiliary activities shall be supportive of these functions.

CORE VALUES

The university shall strive to exemplify the following core values as the foundations of all actions:

- God-Centered**
CAPSU adheres to the greatest of all commandments. The first is to Love God with all our heart, soul, and strength. The second is Love of neighbor/fellowmen as ourselves. Everything we do in CapSU is for the honor and glory of God and for the welfare of humanity.
- Excellence**
“We excel where it counts.” In CAPSU, all our endeavors will be undertaken to the best of our ability. All services will be delivered within our “level best”. All jobs and HR advancement will be based on merit and fitness, placing the right mix of people at the right job. Performance will be characterized by refinement, brilliance and distinction.
- Integrity**
“Honesty is the best policy.” All instruction, research, extension, and production activities are in the pursuit of truth-being defined as the knowledge of things as they are, as they were, and as they are to come. The methodologies and approaches are scientific, credible/reliable, verifiable and dedicated to the formation of honest, honorable, righteous and productive citizens of the community.
- Transparency and Accountability**
The Agency Transparency Seal showing the simplicity, clearness, precision and intelligibility of all our services and transactions are posted on the CAPSU website: www.capsu.edu.ph. We are responsible and accountable for our actions. We must be proactive, as such, we must act rather than to be acted upon.
- Dedication to Quality Service**
We will honor our Commitment to pursue a task to its completion, devotion to duty, and loyalty to CAPSU as an institution as summed up in the acronym, RACE: Responsive, Accessible, Courteous and Effective Public Service.

BRIEF HISTORY

The Capiz State University started with the merger of Mambusao Agricultural and Technical College (MATEC) in Burias, Mambusao and the Capiz Agricultural and Fishery School (CAFS) in Bailan, Pontevedra to become the Panay State Polytechnic College (PSPC) by virtue of Batas Pambansa Blg. 91 signed by President Ferdinand E. Marcos on December 24, 1980.

At the time of the merging of the two schools, MATEC (started June 22, 1958 by virtue of RA 2088, which has two existing satellite campuses located in Tapaz and Sapián) and CAFS (started June 21, 1957 by virtue of RA 1785 and 1786) were headed by Dr. Ernesto V. Botin and Dr. Wenceslao O. Sison Jr., as Superintendents, respectively. The seat of administration of PSPC was in Burias, Mambusao.

On August 29, 1981, Dr. Ernesto V. Botin took his oath of office as the first PSPC President and Dr. Wenceslao O. Sison Jr. became his Vice President. With the appointment of Dr. Sison as College President of Northern Iloilo Polytechnic State College, Dr. Anthony N. Navarrosa was appointed to take over his place as Vice President which was later upgraded to the position of Executive Vice President. The head of the campuses were called Deans.

In 1982, with the approval of the Board of Trustees, the Office of the College President added satellite campuses in the municipalities of Dumarao and Pilar. In 1986, President Corazon

C. Aquino reappointed Dr. Botin as PSPC President. When his term ended on July 24, 1993, Dr. Navarrosa, the Executive Vice President, served as Officer-in-Charge of the College until the appointment of Dr. Rochellir D. Dadvivas as the second PSPC President on October 12, 1994.

During the time of Dr. Dadvivas, he was assisted by Dr. Anthony N. Navarrosa, Executive Vice President; Dr. Editha L. Magallanes, Vice President for Academic Affairs; and Dr. Nicolas A. Braña, Sr., Vice President for Research, Development and Extension.

In accordance with the pertinent provisions of Republic Act 7722 (otherwise known as the Higher Education Act of 1994) and Republic Act 8992, on November 4, 1998, the Capiz Institute of Technology (founded 1917) in Roxas City, including its Department of Fisheries in Dayao (formerly Capiz School of Fisheries founded 1961), became an integral part of the PSPC system. This was approved in the 54th Regular Board Meeting held at the CHED Conference Room, San Miguel Avenue, Ortigas Center, Pasig City. However, the official turnover was done on October 25, 1999 by CHED Region VI-Western Visayas

Dr. Ernesto V. Botin, the first president of the Capiz State University

During his time as president, Dr. Botin worked hard to enhance and strengthen the faculty of the growing institution. Championing faculty development, he used to say that it is easier to build buildings than to build people. Perhaps this is due to the fact that he had to weather the odds for the sake of his colleagues. By and large, Botin's pursuit of enhancing the faculty despite the criticisms and difficulties merited him the eternal gratitude of those people who he had helped.

BRIEF HISTORY

The early structures of the institution situated at the Pontevedra Campus, known then as the Capiz Agricultural and Fishery School (CAFS), circa 1960s.

Director Tomas P. Parreño to PSPC President Dadivas. Then, on December 19, 2000, Sigma College of Science and Technology (started January 1, 1996 by virtue of RA 7973) in Sigma, Capiz was integrated into PSPC.

In 1999, Cong. Manuel “Mar” A. Roxas of the 1st District of Capiz filed a bill seeking for the conversion of PSPC into a state university. Both the City Council of Roxas City and the Provincial Board of Capiz passed the resolution supporting the bill.

On September 15, 2000, the Board of Trustees approved the new organizational structure of the College with three (3) units, namely: the Roxas City Unit, the Mambusao Unit and the Pontevedra Unit. Each unit was headed by a Chancellor. The Mambusao Unit has six (6) satellite campuses: Burias Campus in Mambusao, Sapian Campus, Tapaz Campus, Sigma Campus, Mambusao Campus, and Dumarao Campus. The Pontevedra Unit has Pontevedra Campus and Pilar Campus; while the Roxas City Unit has Roxas City Campus and Dayao Campus. The first Chancellors were Dr. Nenita A. Beluso for Pontevedra Unit, Supt. Primitivo V. Bangcoyo for Roxas City Unit and Dr. Geronimo L. Gregorio for Mambusao Unit. The campuses were headed by Campus Administrators who report directly to the Chancellors.

In 2001, the seat of administration was transferred to Mambusao Campus for accessibility and ease of communication. The second sets of Chancellors were Dr. Edgar M. Dilla for Pontevedra Unit, Dr. Genoveva N. Labaniego for Mambusao Unit and Dr. Evaristo M. Magoncia for Roxas City Unit. With the retirement of Dr. Navarra in 2003, the position of Executive Vice President, being co-terminus, ceased to exist.

In March 2002 the bill for the conversion of PSPC into a state university was approved in the House of Representatives and the Senate approved the same measure on February 6, 2004. Cong. Rodriguez D. Dadivas of the 1st Congressional District and Cong. Fredenil H. Castro of the 2nd Congressional District were responsible in lobbying for the passage of the conversion law.

Then, a milestone was reached on March 21, 2004, when President Gloria Macapagal-Arroyo signed into law Republic Act No. 9273 at Capiz Provincial Capitol, Roxas City converting PSPC into a state university, the Capiz State University. At the time of the conversion, the incumbent Governor of Capiz was Hon. Vicente B. Bermejo with Hon. Victor A. Tanco as Vice Governor. Following the provision of the University Charter, the seat of administration was transferred to Roxas City.

Dr. Rochellir D. Dadivas, the incumbent PSPC President at the time of conversion became the first University President. The three Vice Presidents were Dr. Editha L. Magallanes, Vice President for Administration and Finance; Dr. Aladino L. Leccio, Vice President for Academic Affairs; and Dr. Geronimo L. Gregorio, Vice President for Research and Extension.

On July 7, 2008, after the retirement of Dr. Dadivas as University President, Dr. Editha L. Magallanes was appointed as the second University President of Capiz State University. During the term of Dr. Magallanes, her Vice Presidents were Dr. Aladino L. Leccio for Administration and Finance, Dr. Herminia B. Gomez for Academic Affairs and Dr. Geronimo L. Gregorio for Research, Development and Extension (RDE). Per Board of Regents’ Resolution No. 1112, series of 2009, the chancellor positions were abolished in view of overlapping functions with the campus administrators.

BRIEF HISTORY

When Dr. Editha Magallanes was reappointed president of the Capiz State University in 2012, it only reaffirmed her exemplary leadership that has eventually brought this thriving institution to prominence both in the national and the international stage.

Envisioning CAPSU as the center of academic excellence that renders quality service to the province and its constituents, Magallanes embarked on transforming the institution by prioritizing instruction, research, extension, and production through effective and efficient administration.

» *Excerpts from the article "FULFILLING THE PROMISE: Making the Mark as SUC President" by Johnny Dariagan, Mark Glenn Villamor and Niño Manaog, Nuggets, Vol. 3 No. 1, April 2014*

Having been rated Outstanding by the Evaluation and Search Committee towards the end of her first term as University President in June 2012, Dr. Editha L. Magallanes was reappointed as President of Capiz State University on July 7, 2012.

With the retirement of Dr. Gregorio, Dr. Cora F. Navarra replaced him as Vice President for Research, Development and Extension effective November 7, 2012. The untimely death of Dr. Cora F. Navarra, left the VP RDE office vacant. Dr. Pedro G. Gavino was then designated as the Officer-in-Charge on March 5, 2014 and assumed office on June 1 of the same year.

With the retirement of Dr. Herminia B. Gomez in September 17, 2014, Dr. Editha C. Alfon was designated as the Vice-President for

Academic Affairs until September 7, 2016. And now, she serves as the University President after the retirement of Dr. Editha L. Magallanes.

Dr. Alfon holds the university presidency effective September 8, 2016 to date by virtue of Resolution No. 50, series of 2016. The three vice presidents of the new administration are Dr. Nilo D. Delfin as the VP for Administration and Finance, Dr. Susan O. Dangan as the VP for Academic Affairs, and Dr. Lucy A. Beluso as the VP for Research Development and Extension.

Continuing the legacy that Dr. Magallanes left when she retired in July 27, 2016, her successor Dr. Editha C. Alfon, who after having been installed into office as University President of Capiz State University in September 8, 2016, further exemplifies her true dedication to quality service to the university with integrity, transparency, and accountability.

Dr. Alfon who rose from being a faculty member, a Registrar, a Campus Administrator, a Vice President for Academic Affairs, and now a University President, truly and completely prepared her to be one- a true and experienced leader. A very simple lady who intentionally looks at the person's capacity to lead, and willingly trains anyone who desires to be one.

EXECUTIVE SUMMARY

For 2016, the Capiz State University continues to fulfill its commitment of providing quality education in pursuit of its relevant mandate. The University's flagship programs continued to be the major focus in quest for academic excellence.

The University has accomplished another remarkable year in operating its four-fold mandates in the fields of instruction, research, extension, and production. With the support from the administration, milestones are herein reported which is anchored on the University's vision, mission, and goals.

ON INSTRUCTION

The University provided quality instruction to 16,022 students for the year 2016. Likewise, 3,150 students graduated with 62 cum laudes and 8 magna cum laudes. The university also showed a remarkable performance during the different licensure examinations conducted by the Professional Regulation Commission (PRC). Notable among the licensure exam passers were the two students who topped the Master Electrician Licensure Examination.

The university endeavored to achieve excellence in instruction by constantly subjecting the curricular offerings to undergo accreditation. Nine programs passed the Level III—Phase 2 Accreditation.

About 6,794 students availed of the various scholarship grants, enabling them to access higher education to improve their lives.

In terms of student activities, delegates of the University performed well at the Regional PASUC and SCUAA Olympics. The University garnered 2nd Place at the Regional PASUC Culture and Arts Festival. Furthermore, the University garnered 28 gold, 62 silvers, and 99 bronze medals at the Regional SCUAA Olympics.

Instructional support to students, particularly the library, medical and dental, and guidance and counselling services were all mobilized to ensure that students take advantage of the services geared towards providing a holistic and transformative education to the students of the University.

ON RESEARCH AND DEVELOPMENT

The Capiz State University's research team is managed by professional leaders and supported by skilled and trained personnel. They play important roles in looking for ways to apply research in meeting the challenges of our time.

This year, through the collective efforts of all the nine (9) research centers and its directors, the faculty and staff of the campuses and satellite colleges of the University, the research endeavors of the university has been given a boost.

For 2016, CapSU has 44 on-going researches and 38 completed researches. Researches undertaken are funded either internally (general funds/special thrust fund/self-funded) or externally (funding agencies).

Thus far, there were 12 published research articles in scientific refereed journals and gained 22 utility models originated from the campuses. Each center has generated funding from external agencies.

ON COMMUNITY EXTENSION

The year 2016 has seen much achievement on the part of the Capiz State University (CapSU) Extension Program. During this time, CapSU has not only reinforced its reach to the communities through the various extension programs currently in place in most of the CAPSU campuses. It has also embarked on new partnerships and widened its participation with other stakeholders for a more responsive and responsible engagement in the communities.

ON PRODUCTION

The production function of the University is carried out through the University Business Affairs Office (UBAO). The efficient management of the income-generating projects of the Capiz State University augments and sustains the University's income which is necessary in carrying its four major functions.

This year, the income generating projects of the nine campuses earned Php 1, 278, 290.98 which was generated from various production such as animals, coconuts, mushrooms, crops, fishponds and sugarcanes, rentals, canteens, travel and tours, printing press and other facilities.

INSTRUCTION

The Office of the Academic Affairs sets the academic climate and quality of instruction in the nine (9) campuses of the Capiz State University. It plays an integral role in the educational planning, academic program development, and strengthening community and industry partnerships evaluating academic programs, and implementing the university's strategic plans.

ENROLMENT

Despite the onset of K-12 implementation, Capiz State University remained steadfast in the performance of its important function of instruction. During the First Semester of 2015-2016, Capiz State University had turned 16,022 graduates from graduate school, baccalaureate, and post-secondary programs. Of the 682 enrolment in its graduate programs, the highest number came from its Master of Science program with 193 students. This was followed by Master in Management with 166, and Doctor of Public Administration with 115. When classified by campus, Roxas City Main Campus registered the highest enrolment of 304, followed by Burias Campus (190) and Pontevedra (134).

As to its baccalaureate degree programs, of the 15,246 students for the first semester of 2015-2016, among the top five biggest enrolment of 2,728 came from Bachelor of Secondary Education, followed by Bachelor of Science in Business Administration (2,029), Bachelor of Science in Agriculture (1,402), Bachelor of Science in Industrial Technology (1,343), and Bachelor of Elementary Education (1,137). When classified by campus, Roxas City Campus still maintained its spot with the highest enrolment (5,545) followed by Pontevedra Campus (2,704), and Dayao Campus (1,432).

As to its post-secondary education, of the 580 enrolment the biggest came from Sigma Campus (549) mostly from its Two-Year Hotel and Restaurant Management.

Likewise, the year 2016 was a very crucial year for the University which submitted its graduate and undergraduate curricular programs for higher levels of accreditation. Nine programs passed the Level III – Phase 2 Evaluation on September 1-2, 2016 of the nine programs submitted for Level III-Phase 2, BSIT program received an overwhelming weighted mean and was given three years to enjoy Level III-Reaccredited status, while the eight programs were given mandatory recommendations to comply from October 2016 to September 2017.

On December 5-9, 2016, the university submitted, (5) five curriculum programs of Burias and Pontevedra Campuses to one of the highest level and type of accreditation utilizing the Outcomes-Based Quality Assurance Instrument Level IV-Phase I Evaluation. Three programs retained Level III-Reaccredited status with some areas which will be revisited from January 2017-2020 for the enhancement of the weighted means. However, the two education programs of Burias Campus did not meet the weighted means required and were downgraded to Level II-Reaccredited status.

Capiz State University was awarded as the 5th Top Ranking SUC with the Most Number of Programs Assessed (Candidate and Accredited Programs Levels I-IV) and 4th Top Ranking SUCs with the Most Number of Accredited Programs (Levels III-IV) during the 29th AACUP Annual National Conference at the Century Park Hotel, Malate, Manila on February 18, 2016.

“Library is the heart of the University.”

The Library serves as the repository of academic information, sources and resources of the university. It is the avenue of carrying out quality education and for enriching all components of the educational process. Thus, enhancement of library holding for both the faculty and students utilization is necessary. Every year, library fees are ploughed back for students' benefits through constant improvement of library resources. New edition of books are continuously provided, magazines and journals are subscribed and IT facilities are constantly upgraded to provide students advanced and updated learning environment and information technologies that they can utilize in their researches and other academic activities. The university libraries of the nine (9) campuses are open from 7:30 A.M. to 5:30 P.M., Mondays to Saturdays, except during holidays with no noon break, to cater to the needs of the students.

Normally, all libraries offer the same services like reference/information, library orientation, technical , bibliographic, indexing, current awareness, document delivery, circulation, photocopying, encoding, internet and library display and exhibits.

LIBRARY IMPROVEMENT

PONTEVEDRA CAMPUS

Two librarians from Pontevedra attended four (4) trainings on capability and capacity building and application of IT in academic and school libraries. Its library also was able to continuously enhance its collections through donations from the International Book Project (34 titles/412 volumes), Books for Peace (49 titles/53 volumes) and SEARCA (42 titles/100 volumes), and purchase of 127 titles/171 volumes. The rehabilitation of the main library, the telephone and internet reconnections made the laudable contribution to the enhanced delivery of the library services of the campus which increased the number of clients served to 5,249 who mostly borrowed book and surfed the internet for e-resources supplementing instruction activities of faculty, staff and students.

For Pontevedra, there were 12 library services provided to 5,758 students who have availed the library services. Ten (10) of its library facilities were upgraded. There were 127 titles of books acquired with 167 copies. About 520 titles; 561 copies of books were donated through grants. Twenty One (21) titles of magazines and journals were subscribed and 44 copies were donated. Five (5) titles of newspapers were also subscribed.

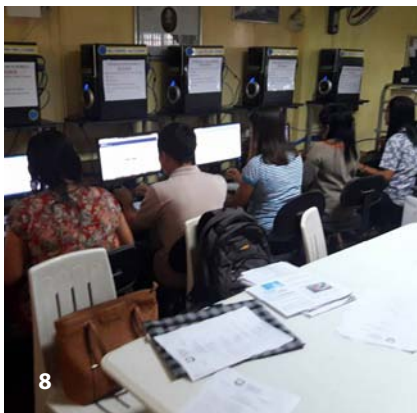

The following were some of the activities conducted to enhance infrastructures and other upgrading of library of CapSU Pontevedra:

1. Completed installation of floor tiles at the Annex library;
2. Repainting/refurnishing of bookshelves and other library furniture;
3. Installation of the nineteen (19) sets of jalousie windows;
4. Installation of double-swing and roll-up door of the Main Library;
5. Purchasing of one-unit CCTV Monitor to replaced damaged one;
6. Procurement of 52 panels curtains;
7. Installation of 2 units 3 tonner floor mounted air-condition units at the Circulation and Reserved Sections and 1 unit HP with inverted air-conditioned unit at the AVR/Discussion Room of the main library;
8. Procurement of 3 cabinets with glass cover and 2 sets of receiving sets (sofa) with center tables;
9. Procurement of acrylic signages of the different library sections;
10. Acquisition of 2 units Evaporative Air Cooler, laminating machine, 2 units cabinets, 2 units manual fire alarm, 4 units desktop computers, 1 multi-function printer, and 4 sets of books amounting to Php 179,761.00;
11. Free access to online database (Proquest, Gale, Phil e journals) through I PEL (Integrated Phil. E-lib project of CHED)

LIBRARY IMPROVEMENT

ROXAS CITY

The library of CAPSU Roxas City Main Campus is considered one of the oldest in the Province of Capiz having been organized in 1954.

The university library of the Main campus has 67 subscriptions of magazines, newspapers and journals. It has 11,193 titles and 23,301 volumes as of April 11, 2016. Of these, 391 copies were purchased and 400 books were obtained through donations from ReadWorld Foundation in Canada. New sets of tables and bookshelves were acquired to accommodate the library increasing collection. About 31,265 students utilized the library for this year 2016.

DUMARAO

The library of Dumarao have subscribed to 3 newspapers; and 11 magazines and journals in Agriculture, Veterinary Medicine, Criminology and Teacher Education. It also purchased 3 sets of computer units with tables and chairs, external hard disk (2 terabyte) and (1 TB), 1 unit printer 4-in-1 Epson L565 and 1 unit TP-Link 24 ports switch hub (Gigabyte) totalling to 109,639.00. This school year 2015-2016. With the library improvement of the campus it has laudably increased the percentage of students who utilized the library to 86.39% during the middle part of this year. There was also an increase in the summary of library holdings and facilities in the later part of 2016 to 96.02%.

TAPAZ

CapSU Tapaz is also proud to present the summary of the accomplishment of its library for this year. Regular acquisition of journals and magazines, organization of library holdings, preservation of library materials and repainting of tables and furnitures and other services related to library services were undertaken.

POBLACION MAMBUSAO

CapSU Mambusao upgraded some of its library facilities; 100% completion of the library repair, purchase of new book, and acquisition of 1 unit computer for STARBOOKS, 1 brand new laptop and 1 unit printer (Epson L220), purchased 25 pcs. of books for its curricular programs.

DAYAO

CapSU Dayao Library likewise delivered services to assist faculty, staff and student in their needs. Library supplies were also requisitioned and subscribed to meet the required library resources.

BURIAS

Library personnel of CapSU Burias subscribed 168 copies of newspapers and 10 copies of magazines for 2016.

SIGMA

The library of Sigma repaired and maintained the air conditioning unit and installed the glass windows of the library.

Capiz State University has always been guided by its advocacy which is stipulated in the University’s vision of providing quality service to all. The services offered by this humble institution in the Province do not only extend to benefit her faculty, staff, and students but they also encompass the communities that can be reached by her noble and passionate hands. In short, CAPSU is committed to adhere to the needs of her stakeholders so as to fulfill the essence of her existence in the fast advancing and more challenging society and its demands.

One very significant provision that the Office of Student Services of the University never fails to offer is the Medical and Dental Services. This component focuses on promoting a sound physical well-being of its direct clientele, the students. As specified in the 2016 Revised Student Handbook, this Unit is expected to offer Health Services Programs such as Physical and Dental Examination, Counseling Services, Symposia, and Health and Wellness Activities.

Looking back to the year 2016, the Medical and Dental Unit of the Office of the Student Services has continuously portrayed tremendous roles not only in the lives of the students but in the lives of the people in the community as well. This noble and out-of-passion act has truly left footprints as transparent in the many accomplished activities that the Unit in every Campus and Satellite College performed inside and outside the premises of the University.

In the Main Campus, Basic Life Support Training was conducted for the purpose of imparting knowledge to students on first aid treatment.

In Pilar Satellite College, the Unit held the following: First-aid Medication, Medical and Dental Examinations, Red Cross 143 Formation and Team Building, Vital Signs Taking and Emotional Freedom Technique Training, Massive Blood Letting, Medical Mission, Feeding Program, Dengue prevention, Adolescent Responsible Sexuality Forum, Proper Hygiene and Sanitation, and Training Workshop on Enhancing Capabilities for Mental Health and Psychosocial Support in Disaster and Other Crises Situations.

In Tapaz Satellite College, the Unit conducted the following activities, namely Medical and Dental check-up, Dengue Health Awareness, and Medical, Dental and Legal Mission.

In Sigma Satellite College, the Unit conducted annual laboratory examination for faculty and staff, medical and dental consultations/ extractions for new and old students, Fun Run Activity, Extension Community Services, purchase of medical and dental supplies and

MEDICAL AND DENTAL SERVICES

equipment, Clean-up Drive Activity, First Aid training for students, medical consultation for athletes and contestants in the Intercampus Meet, Lecture on Promoting Healthy Lifestyle and First Aid Remedies, Drug Testing of OJT students, and Program of Anti-Drugs and Anti-sexual Harassment Awareness.

In Dumarao Satellite College, the Unit conducted medical and dental examinations to faculty staff and students so as to ensure that they are physically fit and are able to keep a healthy lifestyle.

Truly, the Medical and Dental Services Unit of the University plays very relevant roles in the promotion of sound well-being and healthy lifestyle of faculty, staff, students and members of the community, thus providing them the guarantee of a fitting health condition in the academe and in their respective communities.

GUIDANCE AND COUNSELING SERVICES

Before the start of enrolment for the academic year 2016-2017, the Office of the Guidance Services went to different barangays to conduct campaign and consultation to the barangays officials to help disseminate information with regards to the enrolment of new students.

In preparation for the career guidance program for 2016, the Guidance Office prepared flyers and communication for the different barangays and municipalities of the province of Capiz. This was facilitated because CapSU started accepting first year entrants in the Academic Year 2016-2017.

The Guidance and Counselling Office also administered entrance examinations to incoming first year college students. The entrance examination was scheduled in April and May to select enrollees for the University. The Office also catered to students who requested for Good Moral Character.

The Office of the Student Affairs Admission and Guidance annually administer general admission test to in-coming freshmen students and grade 7 secondary students on the months of April and May. Results of the General Admission Test (GAT) are utilized for guidance purposes. It can also be good sources of identifying intervention programs for students who will be found mentally impaired. The same result can also be utilized in guiding students' enrolment in various curricular programs of the university. These can also become potent source of information for the recommendation for students' scholarship and grants from internally, externally and CHED grants. Competitive Examinations are also given to interested students who would desire to avail of academic scholarships.

Scholarships Availed by the Students

A huge number of 6, 794 students of CapSU enjoyed various scholarship programs and grants this year 2016. These scholarship grants were classified as to CHED scholars (2,796), externally funded (3,297), and internally funded (700). The students enjoying the above scholarship grants are academic awardees, dependents of CapSU faculty and staff members of school papers, cultural group, CapSU band, members of drum and lyre, CapSU chorale, president of Supreme Student Council. externally funded scholars and grantees are those whose tuition fees and other fees are paid by their sponsors both public government institutions and other private individuals. The next table reflects the internally, externally and CHED funded scholarship grants.

STUDENT ACTIVITIES

Classroom activities are enhanced through students' exposure to extra-curricular activities and one of these is sports competition where their wholesome attitudes are developed through constructive force that come from their opponents in all competition.

INTRAMURAL MEET

Intramural Meet is annually conducted where the best players in all events are chosen to represent the campus in higher level, the Intercampus Meet. On October 1-4, 2016 held at CapSU Roxas City Main Campus spearheaded the Inter-CapSU Meet which was participated by the nine (9) campuses of the University.

INTERCAMPUS MEET

This is annually conducted every 1st week of September to further expose the best in their respective campuses to compete with their colleagues in other campuses. Winners here are chosen to represent Capiz State University in the Regional Meet in the literary, musical, cultural and athletic competition.

THE REGIONAL ATHLETIC COMPETITION

The sports services of the university develop students' capabilities and skills related to their chosen profession. Sports provide constructive force in shaping wholesome attitudes and leadership attributes which serve as avenue for student's interaction, team buildings and opportunities to organize and govern themselves.

SPORTS ACTIVITIES

The Regional Dance Sports Competition held in Aklan State University last February.

PASUC CULTURE AND ARTS FESTIVAL 2016

THEME: "PASUC @ 49: PAVING THE PATH TOWARDS INTERNALIZATION OF STATE UNIVERSITIES AND COLLEGES THROUGH CULTURE AND THE ARTS"

Students are being developed through culture and arts, by their creativity and ideas to showcase their talents and capabilities. These also give students knowledge about our culture, being shown through the arts and that they will have the opportunity to even portray in a very artistic way.

The Inter-Campus meet 2016 was held at Capiz State University Main Campus hosted Sigma by Satellite Campus, October 1-4, 2016. CAPSU Main Campus ranked one, in the over-all ranking, with the Pontevedra Satellite Campus as the second, Burias Satellite Campus- 3rd, Dumarao Satellite Campus-4th, Pilar Satellite Campus-5th, Dayao Satellite Campus- 6th, Sigma Satellite Campus- 7th, Tapaz Satellite Campus- 8th, and Poblacion Mambusao Satellite Campus being on the 9th place.

The Roxas City Main Campus bagged the championship in the literary and musical contest and dance category; On-the-Spot Painting, Pencil Rendering/Drawing, Classical, Guitar, Violin, Live Band and Chorale Singing. The Main Campus also championed Dagliang

PASUC VI CULTURE AND THE ARTS FESTIVAL

Talumpati, Radio Drama and in Indigenous Dance, Contemporary, Hip-Hop and Folk Dance. Besides, the campus also garnered the prestigious search for Miss CAPSU.

After the inter-campus meet, winners directly proceeded to the PASUC VI Regional Culture and the arts 2016, hosted by the Aklan State University at Banga, Aklan in November 9-11, 2016. Capiz State University, ranked 3rd in the overall ranking, wherein West Visayas State University, ranked 1st and Aklan State University in 2nd Place. University of Antique, 4th, Northern Iloilo Polytechnic State University- 5th, Iloilo Science and Technology University- 6th, Guimaras State College- 7th, and Iloilo State College of Fisheries in rank 8th.

Contestants for Mr. PASUC/SCUAA of Capiz State University brought home 2nd place both in Mr. & Miss SCUAA. The university also ranked 2nd place in hip-hop, folk dance and indigenous dance and 3rd place in contemporary dance. In musical category, CapSU ranked 2nd place in violin, vocal duet, choral singing and live band competition.

On visual arts, CapSU ranked 2nd and 3rd in on-the-spot painting and pencil rendering, respectively and 1st and 2nd place in quiz bowl and story telling for literary category.

The winners during the PASUC VI Cultural and the Arts Festival, competed on the 8th PASUC Culture and the Arts Festival 2016, national level, representing the Region VI, Western Visayas in Vigan City. As a result, Western Visayas ranked 2nd in the over-all ranking, with the National Capital Region (NCR) ranking the 1st. Capiz State University, took the 5th Spot in the Quiz Bowl.

RESEARCH, DEVELOPMENT AND EXTENSION

Through the years, the University continuously focuses in conducting researches to discover new knowledge and improve technologies. The impact of research conducted by the University is monitored so that the next generation of graduates may be able to develop means in improving the current situation, practices and services adhering to the realization of the goals for national development.

RESEARCH, DEVELOPMENT AND EXTENSION

The Capiz State University's research team is managed by professional leaders and supported by skilled and trained personnel. They played important roles in looking for ways to apply research in meeting the challenges of our time.

This year, through the collective efforts of all the nine (9) research centers and their directors, the faculty and staff of the campuses and satellite colleges of the University, the research endeavors of the university have been given a boost.

The research-related activities conducted by CAPSU such as the annual university symposium for faculty researchers and the annual university symposium for students provided avenues for the faculty researchers and the students in disseminating new knowledge that led them to produce copyrighted materials, research publications and explored potential Intellectual Property (IP) assets.

CapSU researchers sent their polished research articles to both local and international refereed journals for publication. Constant publication in these refereed journals have proven the quality of outputs being generated.

To expose the Intellectual Property (IP) assets of the University, the Intellectual Property Management Office (IPMO) sought the assistance of the Department of Science and Technology – Technology Application Promotion Institute (DOST-TAPI) by conducting an IP audit on June 29-30, 2016 at CapSU Roxas City, Main Campus. As a result, the University has now a total of 22 Utility Models. The IPMO office, through its director, consistently motivates both faculty and student researchers to apply for protection as soon as they were presented in a public forum.

Research, Development and Extension

1. For 2016, CapSU has 44 on-going researches and 38 completed researches. Researches undertaken are funded either internally (general funds/special thrust fund/self-funded) or externally (funding agencies).
2. Presently, there were already 12 published research articles in scientific refereed journals.
3. The Intellectual Property Management Office (IPMO) of Capiz State University has registered a total of 22 utility models (UMs) out of the research outputs. Of these 22 UMs, 11 originated from the study of botanical dewormers of CapSU Dumarao, 10 food products and processes were from CapSU Dayao and 1 food product of CapSU Sigma. The IPMO conducted Intellectual Property (IP) Trainings/Workshops such as foundation course and patent search. In November 2016, 3 trainees from CAPSU attended the patent drafting conducted by the World Intellectual Property Office (WIPO). Capiz State University is now one of the 10 IP spokes in the Philippines.
4. The status of on-going externally funded research projects are the following:
 - a. **Improved Grow-out Technology for Sustainable Mussel Industry using Raft and Long-line Culture of Green Mussel (*Perna viridis*) at Sapián Bay, Capiz** was funded by DOST-PCAARRD. The project has a total budget of 3,591,113.00 for two years.

The study suggested that the use of raft and longline method as good alternative in culturing green mussel compared to the traditional stake and hanging method, especially with a longline which can be done both inshore and offshore. Mussel farming in Sapián Bay can be grown twice a year. The first cropping can be from October, November or December to be harvested in April, May or June. The second cropping can be from April, May or June to be harvested in August, September or October.

EXTERNALLY FUNDED RESEARCH PROJECTS STATUS

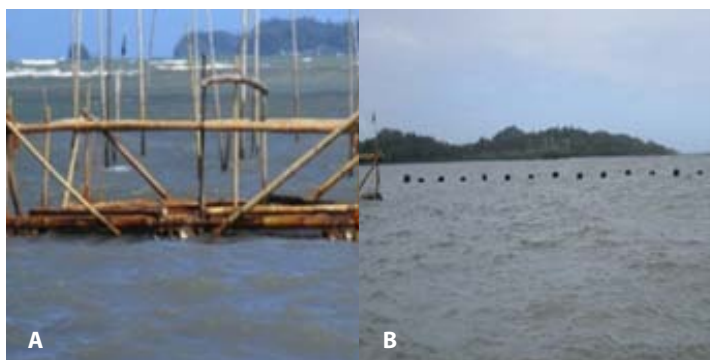

The growth, survival and production of mussel in the bay needs to be improved further as it is low compared to the previous years as per communication with the farmers which could be due to eutrophication resulting in the decrease of production areas.

On the other hand, "*alingatong*" caused by the growth of filamentous brown algae that release particles causing itchiness in the water usually occurs in July to September causing mass mortality on bigger mussels. Thus, harvesting must be done before the occurrence of the "*alingatong*".

Occurrence of mussel spat was from September to June with the peak in May. Monitoring and collection can be done using rope clutches installed on the farm site. The number of mussel spat occurrence can support commercial production in the bay. Meanwhile, cooked mussel meat has shell intact, meat light creamy white orange appearance; mild fresh odor; sweet, natural of the species for flavor in longline in offshore while mild fresh for the other methods; very firm, plump in longline while slightly firm, plump in other methods for texture. It is like very much in term of acceptability. On the other hand, uncooked mussel meat in the scale of 1 to 5 was rated 3.13 to 3.53 for brightness, 3.27 to 3.43 for moisture, 3.27 to 3.60 for orange or creamy color, 3.35 to 3.50 for surface, 4.10 to 4.17 for fresh/marine odor. The texture was rated 3.33 to 3.63 for firmness and 3.43 to 3.73 for smoothness. The acceptability in the scale of 1 to 7 was rated 6.02 to 6.03.

Mussel R&D Project in Sapien Bay

A. Raft culture; B. Longline culture

The hydrological parameters such as temperature, turbidity, dissolved oxygen, salinity and pH were ideal for mussel culture in Sapien Bay, Sapien, Capiz although temperature goes higher in June and September.

b. Organic Agriculture Research and Development Program of Capiz State University is funded by the

Department of Agriculture – Bureau of Agricultural Research (DA-BAR). Recently, DA-BAR released the second tranche amounting to PhP 1,576,195.95 to CAPSU last September 29, 2016. The said amount will be used in purchasing of supplies, materials and labor for the different project components. As of now, these are under procurement process. Out of eleven (11) purchase requests, five purchase orders had been issued.

The project component on organic fertilizer and soil ameliorants is on the process of land preparation, layout, vermicompost production and carbonized rice hull production. The free range chicken component of the project has constructed two (2) poultry houses and had received the purchase order for stocks of chicken. For milkfish and other fishery products component, experimental dikes had been constructed while waiting for the stocking (fingerlings)

The Alingatong (filamentous brown algae with itchy characteristic)

which is undergoing the procurement process. Formulation of feeds using different leaves of vegetables will be done as soon as the materials are procured. For vermicompost production, vermi bins are on the process of construction. Vermi worms (*African Nightcrawler*) were requested and now undergoing the procurement process.

- c. **Clonal Nursery** led by Prof. James Gloria is a funded project by the Department of Environment and Natural Resources (DENR VI). To date, the clonal nursery building and facilities are functional. In order to facilitate the production of the targeted 20,000 cloned seedlings for the year, the students helped in the production. In this way, the students' experience in the process of making cloned seedlings will later form part of their skills and mold a sense of love to their environment and because of this, a total of 29,000 (145%) cloned species of molave, tuai, bagalunga, bignai, narra, malibago and balete were produced. There are also undergoing researches conducted in the clonal nursery: 1) Response of the Different Indigenous and Premium Forest Tree Species Grown under CAPSU Burias Condition Applied with Different Plotting Media; 2) Assessment of Mother Plant of the Different Indigenous and Premium Forest Tree Species in CAPSU Burias Mambusao, Capiz; 3) Performance of the Different Indigenous and Premium Forest Tree Species under CAPSU Burias Condition Using Different Nodal Sections; 4) Survival and Growth of Different Indigenous Forest Trees Species Cuttings with Varying Number of Nodes and 5) Germination and Growth of Selected Indigenous Forest Seeds Species Collected in Various Localities and Time of the Year.
- d. **Panay River System (PRS) Project** led by Dr. Federito D. Launio was funded by the Commission on Higher Education (CHED). The project with the title "Socio-economic, Biological and Physico-Chemical Assessment of the Panay River System: Its Implications to Development and Climate Change." The results of the project are the following:

For the socio-economic characteristics among riverbank residents of the Panay River System (PRS), most of the residents (82%) had their houses located within 100 meters away from the river bank. Living closed to the river, these residents are capable of imposing so much influence on the "life" or conditions of the river. These responses show that the respondents are fully aware on the importance of the river systems. These are essential ingredients needed to preserve the environs of the river. Respondents have less awareness on the realities about keeping the river healthy. Some sort of orientation activities are obviously needed to make them aware about the significance of the river and how they can help to preserve and protect it for present and future use.

For the assessment of the biological components of the PRS, a total of 291 vascular plant species belonging to 18 families and more than 50 genera-taxonomic groups were recorded in the riparian zones. Of the 291 species, only 270 were identified taxonomically. This is because of the absence of plant structures that bear key identification characters like flowers and fruits, some species were not identified. Non-vascular plants (Pteridophytes) listed 12 species belonging to 9 families; Palmae had 4 representative families while grasses accounted for 3 families.

For the hydrological and physico-chemical attributes of PRS, In all sampling sites the soil pH, ranges from 4.0-6.05 (strongly acidic to slightly acidic). The values obtained were lower than the ideal soil pH ranging from slightly acidic pH (6.5) to slightly alkaline pH (7.5) for optimal plant nutrient availability and root growth. The soil organic matter (OM), phosphorous (P), and nitrogen (N) contents in all sampling sites in the Panay River System in the dry season were higher than those obtained in the wet season. In contrast, the soil potassium (K), zinc (Zn) and copper (Cu), contents in all sampling sites during the wet season, were higher than those obtained in during dry season. The soil nutrient contents obtained for both seasons were within the required ranges for normal soils.

- e. **Establishment of S&T Model Farm on Free Range Darag Native Chicken in Dumarao, Capiz** led by Dr. Bede P. Ozaraga is a funded project by the Philippine Council for Agriculture, Aquatic and Natural Resources Research and Development (PCAARRD). The Memorandum of Agreement (MOA) between the farmer cooperator and the project team was prepared and signed. The project hired a research assistant and an LGU representative. The production, the mortality and morbidity, and the marketing status of the Darag native chicken was recorded and monitored on a monthly basis. The project team conducted a training on 25 raisers per barangay to raise at least 50 heads of native chickens.

EXTERNALLY FUNDED RESEARCH PROJECTS STATUS

During the training, the project team also ensured the distribution of the Information, Education and Communication (IEC) materials to promote information dissemination.

- f. **Commercialization of Botanical Dewormer for Free Range Native Chicken** headed by Dr. Bede P. Ozaraga is a funded project by the Department of Science and Technology-Technology Application and Promotion Institute (DOST-TAPI). The project was able to prepare procurement requests of raw materials for the production of botanical dewormer from Bingawan, Iloilo. To ensure the sustainability of the project, a financial feasibility study of the botanical dewormer was undertaken. To date, a total of 16 trainings were conducted on the utilization of botanical dewormer for free range native chicken in Capiz and Iloilo.

The botanical dewormer was also showcased during exhibits and seminars. An application for registration of the botanical dewormer as veterinary drug was initialized. Technical services were also delivered to chicken raised during seminars and promotions. The project team has applied for organic certification and the preliminary assessment was conducted by the DA-RFU VI.

- g. **Panay-Guimaras Traditional Knowledge Systems (TKS) for Cultural Resiliency and Sustainable Development Project** is a funded project by the Department of Natural Resource (DENR) through the University of the Philippines in the Visayas (UPV). The project aims to come up with a book on traditional knowledge systems (TKS) covering the islands of Panay and Guimaras. UPV has collaborated with various SUCs in Guimaras and Panay to hasten the gathering of data on TKS thus including Capiz State University to work on the province of Capiz. The project has a budget of PHP 750,000.00 for Capiz State University and led by Dr. Leo Andrew B. Bicular, the Research Director. In December, the project team composition has been finalized such as the topic coordinators and research assistants. The project has a timeframe of 6 months.
- h. **The Western Visayas Bamboo Research and Development Center (WVBRDC)** headed by Dr. Adelfo Z. Virtudazo is a joint collaborative project of DENR-VI, Province of Capiz and Capiz State University. The 8-hectare bamboo plantation of the WVBRDC is continuously being maintained through underbrushing. The plantation is composed of four species. Each species occupies a two (2) ha area. The four species are the following: 1) Kauayan Tinik (*Bambusa blumeana*) locally known as Kawayan; 2) Kauayan Kiling (*Bambusao vulgaris*) locally known as Dalusan; 3) Bolo (*Gigantochloa levis*) locally known as Botong and 4) Bayog (*Bambusa* spp.) originally came from Luzon. The nursery has a total of 250 bamboo propagules. The distribution of the propagules are as follows: 1.) Giant Bamboo – 50 pcs.; Yellow Bamboo – 25 pcs.; 3.) Bolo – 50 pcs.; 4.) Dalusan – 100 pcs.; 5.) Bayog – 25 pcs. and a Buddha Plant – 15 pcs.
- i. **The Coconut Research and Development Center (CRDC)** headed by the Dr. Ramises N. Solante conducted several research studies in the coconut plantation located at CapSU Burias, Mambusao, Capiz. A one (1) whole year data was collected and consolidated on the profiles of insect pest, diseases, weeds, vertebrate pests (rodents) present in the coconut plantation. A one (1) whole year data was gathered for the assessment on the yield of coconuts after typhoon Yolanda. While other studies on the effect of non-chemical corn production and farming systems to the coconuts were also conducted.
- j. **The Livestock Research and Development Center (LRDC)** headed by Prof. Emely J. Escala is located at the 2nd floor of Administration Building of Capiz State University, Pontevedra, Capiz. This 2016, the LRDC was privileged to acquire laboratory equipment that would support data gathering and laboratory analysis. However, the center still lacks conducive and standard laboratory room for the equipment.

The LRDC has linkages with other agencies such as National Dairy Authority (NDA); the Philippine Carabao Center (PCC); and Panay Island Milk Producers Cooperative. Negotiations with the National Dairy Authority regarding acquisition of new stocks of dairy cattle and dairy goats is on-going. They provide the center with the opportunity to obtain 10 heads of cattle and 11 heads of goats as starting stocks which can be used in Instruction, Research, Extension, and Production.

EXTERNALLY FUNDED RESEARCH PROJECTS STATUS

Laboratory equipment delivered to LRDC

To concretize the center's initiative, request for rehabilitation and construction of a conducive animal building is being worked out. Meanwhile, a Memorandum of Agreement was signed between PCC and the University to conduct extension activities and enterprise development in Capiz. Through the collaborative efforts of PCC and CapSU, a dairy cooperative was established called the Panay Island Milk Producers Cooperative. The newly established cooperative is registered by the Cooperative Development Authority. The cooperative is a pioneering dairy cooperative in the Province of Capiz. It started last 2014 at Poblacion, Sapian, Capiz through the persistent efforts of Capiz State University-Pontevedra and Philippine Carabao Center-Calinog. The implementation of the dairy program in selected municipalities in the province is in progress. The cooperative aims to be the milk collection center in the region. Hence, Capiz State University's support is constant.

- k. **Social Science Research Center (SSRC)** headed by Dr. Louis Placido F. Lachica is located at CapSU Pontevedra, Capiz. The Western Visayas Health Research and Development Consortium – Department of Science and Technology – Region VI (WVHRDC-DOST VI) has recently trained scholars on health research, of these scholars, Dr. Lachica, the SSRC Director, was one of the scholars. Each scholar was able to present a research proposal on November 18, 2016 at Amigo Terrace Hotel, Iloilo City. The oral presentation of these research proposals was the culmination of the application of the three modules taken by the training scholars. Finally, on December 21, 2016, WVHRDC-DOST VI was able to produce the 5th Batch of Training Scholars. During the graduation rites of the 5th Batch of Training Scholars in Health Research, the University as represented by Dr. Louis Placido F. Lachica, Capiz State University was awarded a certificate of appreciation for its contribution and initiative as an active member of the consortium in the promotion of health research advocacies in the region.

EXTERNALLY FUNDED RESEARCH PROJECTS STATUS

The SSRC is also involved in social science-related projects such as the “Panay-Guimaras Traditional Knowledge Systems for Cultural Resiliency and Sustainable Development,” a funded research project by the Department of Environment and Natural Resources (DENR) through the University of the Philippines in the Visayas (UPV). The CAPSU project team for the TKS project was briefed the UPV (lead agency) on how to go with the project. Dr. Alicia P. Magos, a well-known anthropologist in the region and the TKS project consultant, gave her lecture on Panay-Bukidnon, one of the indigenous group in Panay Island, to give the participants the overview of the project. On December 9, 2016, the UPV Team, headed by Dr. Anna Razel Ramirez, TKS Project Coordinator, visited CAPSU, Roxas City, Capiz to meet with the CAPSU University President and CAPSU Project Team to discuss on the details of the project.

- i. Mushroom Research and Development Center (MRDC)** headed by Dr. Emelita P. Solante is located at CapSU Burias, Mambusao, Capiz. The MRDC conducted trainings on mushroom culture, production and collaborated with St. Dominic College of Asia (SDCA) on the community-based mushroom biotechnology project. Mushrooms produced by the MRDC are promoted in fairs and exhibits during CAPSU’s 12th Foundation Day on March 17, 2016; SIPAG Fiesta of WESVARRDEC on October 19-21, 2016, and Agro Fair during the Town Fiesta in Mambusao.
- m. Center for Agricultural Research and Environmental Science (CARES)** headed by Prof. Edgardo Gallardo is located at CapSU Burias, Mambusao, Capiz. This year, the center was able to conduct 7 researches. These researches covered lowland and upland rice performance, storage durations of turmeric, organic pesticides such as Baho-baho (*Lantana camara*) and Oregano (*Origanum vulgare*), and formulation of organic fertilizers.
- n. Food Innovation Center (FIC)** headed by Dr. Edna M. Nava is located at CapSU Dayao, Roxas City, Capiz. This year, the center has a total of twenty (20) on-going and seven (7) completed food-related researches. To date, the center was able to produce 11 utility models out of the food products and processes. Of the eleven (11) food product and processed utility models, 10 of which came from Dayao Satellite College and one (1) from Sigma Satellite College. Improvement of the Food Innovation Center (FIC) building is now at 100% completion. On October 19, 2016, CAPSU key officials and professors visited the DOST Food Innovation Regional Center to gain insights and updates on the operation of the different food processing equipment. The project titled, “Establishment of CAPSU-DOST Food Innovation Center (FIC)” was extended until March 13, 2017 due to the delays encountered in the procurement of the vacuum fryer and water retort.
- o. Aquatic and Marine Science Research and Development Center (AMSRDC)** headed by Dr. Diony G. Cahilig is located at CapSU Dayao, Roxas City, Capiz. The laboratory facilities for the AMSRDC were delivered. The center involves in the production of milkfish. The center also is involved in the conduct of projects such as the Organic Production of Milkfish and the Raft and Longline Culture of Green Mussel, in Sapián Bay.
- p. Energy and Industrial Technology Research and Development Center (IETRDC)** headed by Dr. Rolly D. Degala is located at CapSU Roxas City, Main Campus, Roxas City, Capiz. The center’s project proposal titled “Development of Biomass and Electric-powered Tray Fish Dryer” was approved by the Philippine Council for Industry, Energy and Emerging Technology Research and Development – Grant-in-aid (PCIEERD-GIA) amounting to Three Hundred Fifty Thousand Pesos (P350,000.00). The project will have a twelve (12) months implementation.

EXTERNALLY FUNDED RESEARCH PROJECTS STATUS

Salient Activities of Research, Development and Extension Office (RDEO)

- On February 19, 2016, the CapSU RDE Office conducted the 26th Annual University In-House Review with 82 participants at the Conference Hall, Roxas City Main Campus, Fuentes Drive, Roxas City, Capiz. During In-house reviews, research proposals are being evaluated before the conduct of the research study to promote good quality of research outputs. Participants come from the campuses and satellite colleges of the University.
- On March 14, 2016, the CapSU RDE Office conducted the 10th Annual University Research Symposium for Students with 123 participants at the Conference Hall, Roxas City Main Campus, Fuentes Drive, Roxas City, Capiz. Student participants had come from all CapSU Campuses. Research presentations of students were delivered and winners were awarded with certificates and cash rewards.
- On May 3, 2016, the CapSU RDE office conducted its 1st Annual University Research Symposium for Graduate School Students with some 65 participants at the Conference Hall, Roxas City Main Campus, Fuentes Drive, Roxas City, Capiz. The participants come from the Graduate Schools of CapSU Roxas City Main, Pontevedra, and Burias Campuses.
- On August 10, 2016, the RDE office conducted the 27th Annual University Faculty Research Symposium with some 62 participants at the Conference Room of CapSU Roxas City Main Campus, Fuentes Drive, Roxas City, Capiz. Participants come from the campus and satellite colleges of the University.
- The faculty researchers of the two campuses, namely: CapSU Burias and CapSU Pontevedra convened for a meeting to discuss the proposed project titled "CapSU Green Farm." The proposed project will include the upgrading of facilities and infrastructures not only for the promotion of the research activities of the two campuses and the whole CapSU system but it will be opened to the whole community.
- On October 12, 2016, the Fisheries and Marine Technology Research Center was launched at CapSU Dayao with DOST VI Regional Director Rowen Gelonga.
- On October 19, 2016, there was a benchmark activity at Guimaras Food Innovation and DOST Region VI Food Innovation Center. Some researchers of CapSU Dayao and Dr. Lucy Beluso participated in the activity.
- On October 19-21, 2016, the Capiz State University's Research and Extension Team joined the SIPAG Fiesta and Exhibit hosted by the Western Visayas Agriculture, Aquatic and Natural Resources Research and Development Consortium (WESVAARRDEC). The exhibit features the products of the Consortium Member Institutions (CMIs). CapSU, on the other hand, showcased various products of the projects such as coconut, mushrooms and other food products from the different campuses. On the 21st day of October 2016, WESVAARRDEC also held its 26th Regional Symposium on Research and Development Highlights (RSRDH) where Dr. Marcela Buenvenida of CapSU Pilar and Engr. Julito Albaladejo served as participants representing CapSU in presenting their research outputs. On the other hand, Dr. Bede P. Ozaraga presented their outputs on Botanical Dewormer for Native Chicken which was a part of the consortium project. The presentation was made for information dissemination.
- On November 10, 2016, Engr. Efren Linan, IPMO Director, Dr. Lucy Beluso, VP for RDE and Dr. Editha C. Alfon, CapSU President, attended the World Intellectual Property Office (WIPO) Meeting with the Visayas and Mindanao IP SPOKES.

Engr. Julito Albaladejo & Dr. Marcela Buenvenida present their research outputs in the WESVAARRDEC's RSRDH.

COMMUNITY EXTENSION SERVICES

Honing and developing of skills through extension services -trainings, conferences/ seminars/workshops especially in the rural areas are undertaken to alleviate poverty cases existing in the nearby communities.

The year 2016 has seen much achievement on the part of the Capiz State University (CapSU) Extension Program. During this time, CapSU has not only reinforced its reach to the communities through the various extension programs currently in place in most of the CAPSU campuses. It has also embarked on new partnerships and widened its participation with other stakeholders for a more responsive and responsible engagement in the communities.

To beef up the monitoring and evaluation (M&E) mechanism of its extension programs, the RDE team led by Dr. Pedro Gavino—backed by Research Director Leo Andrew Bicular, Extension Director Emelita Solante and Intellectual Property Director Efren Linan—met with the research extension chairs and coordinators of the nine campuses and colleges beginning July through August 2016.

With the new CAPSU administration led by the newly installed President Dr. Editha C. Alfon, CAPSU Community Extension Services Office through its new Vice President for Research Development and Extension Dr. Lucy A. Beluso since September with Extension Director Dr. Emelita P. Solante, continue to pursue excellence in Extension’s endeavors – that is working together for the glorious name of the Capiz State University.

The transition not only in the administrative domain but also in the academe and in the pedagogy that was witnessed, made every person responsible and empowered. Beluso made clear of the university’s direction in terms of Research and Extension during the first RDE Meeting as new VP. Proactive engagement should be maintained with our collaborative linkages and partnerships through technical support, extension services, and training, she added.

Among others concerns, Beluso sought the standardization of periodic (quarterly) reports and the accomplishment of the colleges and campuses for proper and comprehensive submission to the concerned offices.

Moreover, to maximize the University’s own resources while seeking to benefit the communities, CapSU has also embarked on new partnerships with private institutions who equally sought its assistance to realize its own corporate social responsibility. In particular, CapSU has signed in memoranda of agreements and memoranda of understandings with local and international partners such as Fundacion de France, Red Cross, CARITAS International, Gawad Kalinga, Iloilo People’s Habitat, Department of Labor and Employment (DOLE), Philippine Coconut Authority (PCA), Technical Education and Skills Development Authority (TESDA), Department of Agriculture (DA), Department of Science and Technology (DOST), Adaptive Technology for Rehabilitation, Integration and Empowerment of Visually Impaired Persons, Department of Education (DepEd), Provincial Disaster Risk Reduction and Management Office-Capiz Emergency Response Team (PDRRMO-CERT), Panay Island Milk Producers’ Cooperative, Department of Information and Communications Technology (DICT), Department of Social Worker and Development (DSWD-SLP), Bureau of Jail Management and Penology (BJMP), St. Dominique College of Asia (SDCA) and different LGUs from Capiz.

ADMINISTRATION

The administration of the University is guided by the principle of efficiency of operations, effective management practice systems, and upholding high ethical standards of professionalism and the delivery of excellent services to its clientele.

REVIEW OF ACCOMPLISHMENTS

Administration and Finance

The year 2016 has been a fruitful year for the Administration of Capiz State University, highlighted by noteworthy accomplishments through the coordinated efforts of the different offices. The year saw the transition from one administration to another with the retirement of Dr. Editha L. Magallanes and with the election of Dr. Editha C. Alfon as the new University President on September 8, 2016. The change of administration also saw the appointment of three new vice-presidents to help Dr. Alfon effectively and efficiently manage the institution: Dr. Nilo D. Delfin, Vice-President for Administration and Finance, Dr. Susan O. Dangan, Vice-President for Academic Affairs; and Dr. Lucy A. Beluso, Vice-President for Research and Extension. With Dr. Delfin taking the helm as Vice-President of Administration and Finance, reforms in governance and administration were instituted.

Fiscal Management and Governance

Relative to 2017 budget preparations, the office facilitated the conduct of the budget consultation (on February 17, 2016) with the stakeholders of the University. The University' budget was then presented during the RD VI Budget Presentation held on March 2, 2016 at NEDA RO VI, Iloilo City. Another highlight was the forging of Budget Partnership Agreement (BPA) with Stakeholders, particularly the students, alumni, faculty and staff. With the approved 2016 budget of the University; campuses were allocated with their MOOE.

At the start of the year, deliberations and meetings were called for to discuss issues and concerns, particularly on rehabilitation and reconstruction program (Yolanda assistance projects implementation), University Day Celebration, Budget preparation/priorities for 2017, SPMS implementation, and SUC Leveling.

In compliance to Public Financial Management, the University submitted its consolidated Annual Financial Report for December 31, 2015 to the Commission on Audit. Also facilitated conduct of the COA 2016 audit exit conference. Prepared and submitted the University's 2016 Annual Procurement Plan (APP) for approval of the Board.

Having installed into office the new set of officials in September 2016, the Administration initiated and conducted regular Administrative and Finance meeting with the different heads regarding concerns of offices and identified priority projects for the University. All University firearms have also undergone inventory in preparation for the renewal of licenses. The Administration also held exploratory dialogue with the Solicitor General lawyer on how to resolve University land title cases. Initiated filling up of vacant non-teaching positions.

The University Complied with the submission of the required documents for the 2017 Proposed Budget of the University to the concerned offices/agencies (Senate, Congress, CHTE, PASUC national and regional level). Furthermore, the University Assisted the RDC VI Regional Monitoring Team during the site visit at the Roxas City main and the Dayao campus relative to the implementation of the RRP Yolanda projects.

An administrative council meeting was called on August 12, 2016 at CapSU Burias Campus and at the same time the inauguration of the Clonal Nursery. The establishment of the Clonal Nursery is a project funded by the national government through the National Greening Program with the DENR. The clonal nursery produces seedlings of various varieties. It is projected that the project will be the primary source of fruit trees seedlings in the region.

Preparation/organization of supporting documents and the submission of the soft copy of the duly accomplished FY 2016 SUC Leveling forms to CHEDRO 6.

Infrastructure Development

The year 2016 also saw the construction of the CapSU Central Administration Building and Hostel. In accordance with RA 9184, the construction of the Central Administration building was awarded to Woodland Construction and Supply, Inc., with a total contract amount of Php11, 959,638.24. By November 2016, the construction of the central administration building located at Dayao was completed.

Aside from that, the following public bidding processes were accomplished for the procurement of the following: construction of the CapSU Central Administration building; construction and repair of buildings at CapSU Roxas City Campus; purchase of motor vehicles of CapSU Central, CapSU Dumarao and CapSU Poblacion; and purchase of construction supplies and materials, IT Equipment, laboratory supplies and equipment. The proposed construction of the two-storey tourism and hospitality management building at Sigma was up for award while the construction of the two-storey six classroom building at the Roxas City Main campus was completed by yearend.

Information Technology

Year-round updating and upgrading was done on the University website. Likewise, the enrolment system was upgraded while the forms were harmonized in preparation for the ISO certification. About 77% of the campuses now have their grades available for viewing on line; and communications thru emails from other agencies are forwarded to concerned offices of the university.

Human Resource Development

The University Human Resources were further developed thru attendance to various international, national, regional and local seminars, trainings and workshops related to their field of specialization.

In terms of faculty and staff development, a faculty from CAPSU Pontevedra graduated from the degree Doctor of Education (Ed.D) and another from CAPSU Pilar earned the degree Doctor in Public Administration.

In compliance with RA 6713 (Code of Conduct and Ethical Standards among Government Employees), the University has submitted the 2015 SALN of all personnel to the Office of the Ombudsman. A total of 30 appointments were prepared and issued to put into effect 21 promotions, 7 original appointments and a temporary issuance of appointment.

The 12th University Day Celebration was held on March 21, 2016 at Roxas City Main Campus. The highlight of the celebration was the awarding/honoring of Distinguished Students of the Year, Distinguished Faculty of the Year and Distinguished Employee of the Year; recipients were given plaque and cash prizes.

The midyear Monitoring and Coaching activity for the campuses/satellite colleges was conducted. Campuses/Satellite College's performance in terms of the quality and relevance of instruction, research capability and outputs, relationship with and services to the community, management of resources and timeliness of submission of reports were monitored. Coaching was done in the areas of concern for improvement thereof.

Gender and Development

The following seminars, trainings, workshops and other related activities were conducted to implement the Gender and Development plans and programs, to wit:

- Gender Sensitivity Training and Team Building activity , CapSU Pontevedra with 50 participants
- The Basics of Gender and Development, CapSU Main with 87 participants
